

**AMENDMENTS TO THE ABSTRACT OF THE DISCLOSURE:**

Please amend the Abstract as follows:

**Summary**

~~Subject of the invention is a A deadening material especially for automobiles having . The basic material for production of the deadening material includes a binding agent and a filler material based on straw. The straw is chaffed, shredded and / or disintegrated. With the invention deadening material it becomes possible to produce cost effective, environment compatible, light weight deadening mats which at the same time ensure a high sound deadening efficiency.~~
